WHY TENANT INSURANCE IS IMPORTANT

- It covers your valuables, furniture and personal items in case they are stolen, damaged or destroyed.
- It provides liability coverage in case someone gets hurt while in your home or if you accidentally injure someone or damage their property (including the building where you live).
- It provides coverage for any necessary expenses, such as food, clothing and hotel accommodations in the case of a claim that forces you out of your home.
- It's an inexpensive investment that could mean significant savings if you ever suffer a loss.
