

WE DID IT

CONDO OF THE YEAR

**PERSISTANCE,
KNOWLEDGEABLE,
FISCALY RESPONSIBLE
COMMUNITY DRIVEN**

You, the community, can pat yourselves on the back. You are a large part of what made this award possible by making Gateway a great place to live. You are welcoming to newcomers and watch out for each other. Many have come together at our community functions to meet lifelong friends and enjoy what the surrounding community has to offer.

It took the Board of Directors three years of submissions, upgrading some of our amenities, and showing our commitment to the community, building structure, and safety while being fiscally responsible. At the same time, we came out at the end of some struggles without having to do a special assessment.

We couldn't have done it without your trust in us, your board, and our knowledgeable management personnel to keep us on top of things.

A group of us went to the CCI AGM Luncheon on September 25 to receive the award on behalf of the building, and we couldn't be happier for all of us.
