

# Community Meeting - Security

Hello all,

We have heard your concerns regarding the recent B&E incidents in the building. Management has been actively working behind the scenes alongside security and CPS to address these issues and improve safety within the community.

We would like to invite all residents to attend a Community Safety Meeting where you will have the opportunity to hear directly from:

- Calgary Police Services
- ESM Solutions (building security company)
- Management

This will be a chance to:

- Ask Questions
- Gain clarification on what is being done
- learn how we can work together to improve safety

**When:** Thursday, January 29<sup>th</sup> at 6:30PM

**Location:** Large Lounge

No food or beverages will be provided.

We hope to see you there!
